22ND ANNUAL JOHN J. DUNCAN, SR.

AWARD FOR SENIOR ADVOCACY

Tuesday, May 7
4 pm - 6 pm
The Pavilion at Hunter Valley Farm
9133 Hunter Valley Lane

The CAC Office on Aging is pleased to announce its 22nd Annual John J. Duncan, Sr. Award for Senior Advocacy. This event is held each spring to honor a professional and an individual from the community who embody the legacy of the late Representative John J. Duncan, Sr., who was an advocate for the seniors of the Second District. A new category was added this year to nominate a business leader to receive the honor.

The Duncan Award for Senior Advocacy is not only a time to honor our servant-leaders, it also serves as a fundraiser for the CAC Office on Aging's Senior Information & Referral program. The event is free to attend, but monetary contributions are greatly appreciated. Hors d'oeuvres will be served and be sure to stop by the wine pull and silent auction.

Dr. Monica Crane Continued from page 1

During her fellowship, Dr. Crane was honored as a new investigator by the NIMH for her study of the behavioral symptoms due to Alzheimer's disease. Dr. Crane is a founding member of the International Society for Frontotemporal Dementias. She has received numerous clinical and research awards in the areas of Alzheimer's disease, geriatric depression, frontotemporal dementia and end-of-life care.

Dr. Crane is the founder and medical director of Genesis Neuroscience Clinic, a multidisciplinary memory disorders clinic. The clinic provides the latest evidence-based care for cognitive impairment and the neurodegenerative dementias. Since the clinic opened in 2017, Dr. Crane has been the PI for eleven major clinical trials in Alzheimer's disease and frontotemporal dementias partnering with the Center for Biomedical Research at Provision Healthcare and the University of Tennessee Knoxville. This unique model of care incorporates support from local non-profits including Alzheimer's Tennessee, Alzheimer's Association, Knox County Senior Services, the Purple Cities Alliance and The University of Tennessee Knoxville. The Genesis Neuroscience Clinic team has seen over 7,800 patients to date.

As an important part of the Clinic, Dr. Crane has developed and implemented an internship program intended to inspire the next generation of clinicians to pursue a career in geriatric dementia care.

In 2020, Dr. Crane founded the Tennessee Memory Disorders Foundation (tmdf.org) which is now the non-profit parent organization for the clinic. The Foundation's mission is to provide support for comprehensive community care for those with memory disorders and to mentor students and professionals to become future leaders in dementia care. As a non-profit, Dr. Crane has created a clinic which will be able to offer services to a great many more people who need care, including those with little or no health insurance.

Prior to 2017, Dr. Crane was Director of Clinical Research as well as the Associate Director of Cole Neuroscience Clinic. Dr. Crane is also an Assistant Professor of Medicine at UT-Knoxville, Graduate School of Medicine. She has served on the Board of Directors at Alzheimer's Tennessee since 2007 and has been a leader in the Outreach Workgroup for the Society of Nuclear Medicine and Molecular Imaging.

Dr. Crane has been recognized as a leader by the East Tennessee community as an inductee of Leadership Knoxville and the Executive Woman's Association. Under her leadership, the Knoxville community started an annual frontotemporal dementia conference and a community-wide educational series with the goal of raising awareness.

JUNE 15th IS WORLD ELDER ABUSE AWARENESS DAY

Building Strong Support for Elders

World Elder Abuse Awareness Day (WEAAD) was launched by the International Network for the Prevention of Elder Abuse and the World Health Organization at the United Nations. The purpose of WEAAD is to provide an opportunity for communities around the world to promote a better understanding of abuse and neglect of older persons by raising awareness of the cultural, social, economic and demographic processes affecting elder abuse and neglect.

Elder abuse creates a risk of harm to an older adult. Common types of elder mistreatment include physical, sexual, psychological, or financial abuse, neglect, or self-neglect. Elder abuse impacts people of all ages, identities, and backgrounds, and it is estimated that 1 in 10 older adults experience some form of elder abuse each year.

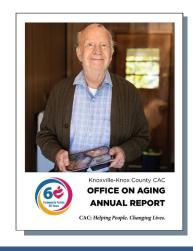

We are all born with the same human rights that should be enjoyed at every stage of our lives. When ageism, negative stereotypes based on prejudices about age are directed at older people, it drives discrimination and the denial of our human rights as we age. Elder abuse is among the most hidden and underrepresented violations of human rights. Take time to learn about the signs of Elder Abuse and help to save lives in our community.

In honor of World Elder Abuse Awareness Day 2024 on Saturday, June 15th, let's challenge ageism, promote understanding and respect across generations, and prevent elder abuse.

To learn more about Office on Aging programs that support older adult victims like the Rise Above Crime program, please visit www.knoxseniors.org or call 865-524-2786.

The list of Knox County centenarians is growing! The Office on Aging predicts that nearly 50 individuals who were born in 1924 or earlier will be honored this year.

Mr. G, a centenarian, received flowers and a gift card in 2023.

If you know of someone who is 100+ years of age (or about to turn 100), call Senior Information & Referral at 865-546-6262 by May **17th**. We will need the name, address, birthdate, contact person, and phone number for each centenarian. All information will be kept confidential.

CELEBRATING OLDER AMERICANS MONTH: Powered by Connection

Established in 1963, Older Americans Month (OAM) is celebrated every May. Led by a federal agency, the Administration for Community Living (ACL), OAM is a time to recognize older Americans' contributions, highlight aging trends, and reaffirm commitments to serving the older adults in our communities.

This year's theme, "Powered by Connection," focuses on the profound impact that meaningful connections have on the well-being and health of older adults.

It's not just about having someone to chat with. It's about the transformative potential of community engagement in enhancing mental, physical, and emotional well-being. By recognizing and nurturing the role that connectedness plays, we can mitigate issues like loneliness, ultimately promoting healthy aging for more Americans.

Learn more at www.acl.org/oam. *Join the conversation on social media using the hashtag #OlderAmericansMonth.*

WE HAD A BALL! Snowflake Ball 2024

The Snowflake Ball, a premier annual event in the senior care community, was held on Saturday, February 17th, at Rothchild Catering and Conference Center. 425 people attended this hugely successful fundraiser for the Office on Aging's AmeriCorps Seniors' Senior Companion Program. The evening raised \$133,000 for the program which provides support to independent living older adults.

The evening began with dancing to the Big Band sounds of Swing Time, an 18-piece orchestra. Guests mingled during the silent auction and took photos in a 360° photo booth. Conversation flowed freely during the delicious meal. The King and Queen were crowned after dinner: Crystal Palmer, director of Sales and Marketing for Deane Hill Place, was crowned Snowflake Ball Queen and the Snowflake Ball King was Marcos Garza of Garza Law Firm.

[L to R] Dottie Lyvers, Kim Olen, Carlos Lopez, Dr. Dasha Lundy, Snowflake Ball Queen Crystal Palmer, Snowflake Ball King Marcos Garza, Snowflake Ball Prince Jeff Pell, Snowflake Ball Princess Leila Beyer, Cana Johnson, Jesse Moss, Gabrielle Blake, and Michelle Peckham.
